

# OPAL Term 2 Assembly

# Playtimes

- How have your playtimes changed recently?
- What is your favourite part of playtimes?
- What have you been playing with?
- Where have you been playing?

# Ropes

- Be **very** careful when looping ropes in trees – people could walk into them and hurt themselves.
- Do not loop ropes high up.
- No ropes should be taken into any hidden areas. Can you think of any?
- You can use the skipping ropes for individual or group skipping but make sure the area is clear.

# Trees

- If it doesn't feel right, don't do it.
- Paint on a tree shows how high your feet can go.
- You can only climb trees wider than your upper arm.
- Keep close to the trunk.
- Rule of 3: out of your 2 hands and 2 feet, 3 of these must be supported by branches at all times.
- Don't climb on dead branches.

# Opal Squad

- The Opal Squad have a big job!
- Although tidying up is everyone's responsibility, the Opal Squad will be checking things are done properly.
- The Opal Squad will wear badges and you can talk to them about any of your worries or if you need help with any equipment.
- The Opal Squad will meet with Miss Collyer regularly to talk about playtimes.

# Opal information

- We now have an Opal display in the hall. Here you can find:
  - A photo of the Opal Squad
  - A photo of the Play Team
  - Rules
  - Important information
- There will also be an Opal section on the school website and we have an Opal Twitter account.
