

## Who we are

KIDS are a national charity, founded over 47 years ago, providing a wide range of support services to disabled children, young people and their families. We support disabled children and young people from birth to 25 years of age. We offer our support to the whole family with the aim of giving disabled children a brighter future.

We cannot change a diagnosis and we cannot cure but we can, and we do, make a very real difference to the lives of families with a disabled child through high quality, practical and tailored services delivered by dedicated professional staff.

KIDS provides over 120 different services and works with 80 local authorities throughout England. Last year we supported over 13,500 disabled children, young people and their families.

## What is a SENDIAS service?

A SENDIASS gives support and advice to parents and carers whose children fall into the government's special educational needs and disability (SEND) category.

KIDS WISA is the SENDIAS service for Wiltshire and we can offer free, independent and neutral information on special educational needs and can give guidance to help young people with SEND and their parent/carers to make appropriate, informed choices relating to education, health and social care.

Our experienced team, based in Trowbridge provides this individual support in a number of ways.

## Telephone and online support

We can share information through email, our website and social media pages as well as provide support over the phone. Call us on:
