KEY VOCABULARY	
<b>Seasons</b>	There are four seasons each year, autumn, winter, spring and summer.
<b>Months</b>	In autumn, the weather begins to get colder. The leaves start to fall from the trees. The amount of daylight becomes less. This means the daytimes are shorter and the night times are longer.
<b>Year</b>	A <b>year</b> is a period of twelve months or 365 or 366 days, beginning on the first of January and ending on the thirty-first of December.
<b>Weather</b>	The weather includes the temperature outside, the wind direction and strength, as well as rain, cloud, snow and sun.
<b>Temperature</b>	The <b>temperature</b> of something is a measure of how <b>hot</b> or <b>cold</b> it is.
